Designed to provide storage for all your fluids and lubricants, this aluminum shelf has 3 differently sized bins to accommodate aerosol cans, single-quart oil bottles and gallon containers.

Its products cover battery cells, modules, industry and commerce as well as large energy storage systems. The independently developed liquid-cooled energy storage battery system is the first ...

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...

Heavy batteries demand a solar battery box with extra strength and durability. In order to protect outdoor batteries from weather and damage, AZE manufactures custom NEMA 3R enclosures.

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

The IP54 protection level adapts to the harsh outdoor environment, which is perfectly suited to the needs of industrial and commercial energy storage. Category: Industrial & Commercial Energy storage System
