We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions.

A complete solar-battery-generator power plant pre-built into a shipping container. We integrate the inverter/chargers, lithium batteries, DC charge controllers, switchgear, ventilation/air-conditioning, ...

PKENERGY 1MWh Battery Energy Solar System is a highly integrated, large-scale all-in-one container energy storage system. Housed within a 20ft container, it includes key components ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

Designed for repeat use in rugged environments, the container is a practical choice for dynamic projects, temporary field operations, and emergency response. From the Outback to the Coast, it delivers ...

Australian Solar Container solutions deliver reliable, portable, cost-saving off-grid energy for Australia's remote, harsh locations.

In an era where energy resilience and sustainability are more critical than ever, the Mobile Solar Power Container is emerging as an intelligent solution that integrates mobility, ...

Buy or hire Solar Powered Shipping Containers in Australia. New & used, fast delivery, top prices. Get a free quote today.

Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various storage ...

1MWh Off-Grid Solar Container from Australia Used in Mountainous Areas

In this comprehensive guide, we delve into the workings, applications, and benefits of these revolutionary systems. Solar energy containers encapsulate cutting-edge technology designed ...
