In 2025, our mobile folding solar container solutions were deployed globally, providing reliable, low-carbon power for off-grid, grid-support, and flexible energy applications.

BYD's 50KW/60KWH Energy Storage Station (ESS) has been delivered to Switzerland and put into service successfully thanks to the cooperation between BYD and its partner Ampard company.

It offers energy ranging from 50kWh to 1MWh and covers most of the commercial and industrial application scenarios, such as load shifting, renewable clipping, and back-up power, etc. We can ...

Whether you're integrating renewables, stabilizing your operations, or seeking cleaner alternatives to diesel, Enerbond's containerized energy storage solutions are built to meet your ...

Mobile Energy Storage Vehicle 50kW: The Swiss Army Knife of Power Solutions Ever seen a food truck that serves megawatts instead of macchiatos? Meet the mobile energy storage vehicle 50kW - the ...

The lightest and most portable of our Energy Storage Systems, the ZBP 2000, which is built to small events, small construction sites, and is especially useful for powering small electric tools.

Imagine having a Swiss Army knife for energy management - that's exactly what mobile container energy storage offers. These modular power systems are reshaping how industries handle electricity ...

Adding Containerized Battery Energy Storage System (BESS) to solar, wind, EV charger, and other renewable energy applications can reduce energy costs, minimize carbon footprint, and increase ...

50kW/100kWh outdoor cabinet ESS solution (KAC50DP-BC100DE) is designed for small to medium size of C& I energy storage and microgrid applications. Individual pricing for large scale projects and ...

50kW Swiss Mobile Energy Storage Container

Each system is constructed in a environmentally controlled container including PCS, fire suppression, STS, HVAC and MPPT. Each complete system offers users a hassle free service life and holds ...
