Where is Burundi's first solar power plant located?

Burundi's first solar PV power plant has reached commercial operation. Located in Mubugain the Gitega Province, the project - which is the country's first grid-connected solar project by an independent power producer (IPP) - has made a meaningful contribution to Burundi's generation capacity.

Will a 7.5 MW solar power plant improve Burundi's energy supply?

7.5MW solar PV power plant in Mubuga, Burundi, will improve the energy supply of nearly 90,000 people, while providing 300 temporary and 50 permanent jobs.

Will Burundi double its solar power capacity in 2023?

In May 2023, President of Burundi Ndayishimiye took part in a ribbon cutting ceremony at the solar field, during which he and Gigawatt Global announced their intention to double the generating capacity near the currently operating site.

Planning a solar factory in Burundi? Learn how to overcome unstable power grid challenges with a resilient hybrid power microgrid to ensure uninterrupted production.

Discover how establishing a solar factory in Burundi offers a unique competitive edge to serve the 300M+ person East African Community, leveraging key tariff and logistical advantages.

Discover how GSOL Energy, in partnership with Itco Solar Energy, installed a 95.04 kWp solar PV system for UNDP in Bujumbura, Burundi. Covering 92% of energy needs, the project ...

Burundi has officially inaugurated the country's first utility-scale solar field, as part of push to leverage renewable energy for improved access to electricity for homes and businesses. The grid ...

The Agence Burundaise de l'Électrification Rurale (ABER) is the agency responsible for the distribution of electricity. It owns and manages mini-grids and other forms of rural ...

Where is a solar power station located in Burundi? The power station is located in the settlement of Mubuga, in the Gitega Province of Burundi, approximately 100 km from the capital of that country. This power station ...

Burundi to build solar panel factory

"The Smart Facilities for Health offers a sustainable solution to these energy challenges, helping build a more reliable, cost-efficient, and climate-resilient healthcare system in Burundi." ...

Burundi solar panel solution Many projects and initiatives have been launched in Burundi's developing solar industry to use the nation's solar potential. One project worth mentioning is the 7.5 MW solar ...

7.5MW solar PV power plant in Mubuga, Burundi, will improve the energy supply of nearly 90,000 people, while providing 300 temporary and 50 permanent jobs.

The Mubuga Solar Power Station is a grid-connected 7.5 MW solar power plant in Burundi. The power station was constructed between January 2020 and October 2021, by Gigawatt Global ...
