What is CCCC model for offshore photovoltaic plant construction?

As the first batch of fixed-pile offshore photovoltaic project in China, the project has created a CCCC model for offshore photovoltaic plant construction. The success of off-grid power generation plays an important role in developing offshore photovoltaic in Shandong Province and the country as a whole.

How CCCC's floating intelligent platform is revolutionizing offshore photovoltaic (PV) construction?

Even under extreme weather conditions, it ensures stable and continuous operations. At the offshore solar farm project in Yantai, Shandong, CCCC's innovative floating intelligent platform is revolutionizing offshore photovoltaic (PV) construction, ensuring the precise and efficient installation of 3,756 steel pipe piles.

Does CCCC have a photovoltaic industry?

As you can see in the article, CCCC and Zhenhua Heavy Industry jointly established a building photovoltaic company, which means that CCCC is ahead of its time in the field of new energy. As one of the nine new industries that CCCC focuses on, the photovoltaic industry is a key strategic area for CCCC.

How much money does China Railway invest in photovoltaic EPC project?

The investment amount is 760 million yuan, and the total construction period is 280 days. This project is the first large-scale photovoltaic EPC general contracting project undertaken by China Railway 18th Bureau Group Company.

Even under extreme weather conditions, it ensures stable and continuous operations. At the offshore solar farm project in Yantai, Shandong, CCCC's innovative floating intelligent platform is ...

Opening bids for the largest centralised procurement tender in China's PV history have come in, with 51GW each of PV modules and inverters on the table.

"A new era of meritorious service, Celebrate the 20th National Congress", Recently, the power generation of CCCC Xizhu Photovoltaic Power Station has successfully exceeded 50 ...

CCCC is enhancing communication and cooperation between China and Nauru. Under its subsidiary, CHEC, CCCC has implemented the redevelopment project of Aiwo Harbor and a ...

CCCC New Energy Photovoltaic Panel Project Bidding

MCC In May 2021, MCC CCID Electric Technology Co., Ltd. successfully won the bid for the Baowu Shaogang Roof Photovoltaic Phase I EPC Project, which is another new project ...

Search latest and upcoming global Solar Photovoltaic (PV) tenders, bids, RFPs, and ICBs with our comprehensive online database.

Photo: Unsplash. According to an article by Yahoo News, on June 6, 2025, the state-owned company of the People's Republic of China, Communications Construction Company Limited ...

Recently, Wendeng HG32 offshore photovoltaic project in Weihai, Shandong Province, built by CCCC-FHEC, realized off-grid power generation. As the first batch of fixed-pile offshore ...

On January 6, 2026, Luopu 500MW/2 million kWh energy storage supporting 2 million kW photovoltaic power generation project (EPC general contracting) (second time) of Xinjiang ...

[CCCC Wins the Bid for Singapore Residential Building Photovoltaic Solar Project] CCCC won the bid for the fourth phase of the residential building photovoltaic solar project of the Singapore HDB. The ...
