Here are the 5 best places to put a dresser in a bedroom that will look good but also make it more convenient to use and easily accessible.

A good position for a dresser is at the bed's side and against the wall. Doing this gives you a clear view of your dresser and keeps it steps away from the bed for easy access.

The best place to put a dresser is in the bedroom, preferably against an empty wall close to the bed. Depending on the size of the room, you may want to measure out space and move furniture around ...

Explore 25 built-in wardrobe ideas around a bed to maximize bedroom space with stylish, functional, and seamless storage solutions.

One unconventional but effective placement for a dresser in the bedroom is next to the bed. This arrangement can serve as a unique nightstand alternative, offering extra storage space ...

"Placing a wardrobe directly opposite the bed can create a balanced effect in a larger room, but is often not ideal in smaller rooms, where opting for this layout can lead to a visually ...

Find out where to place a dresser in your bedroom, whether beside your bed or hidden in a closet, with tips inspired by my tiny studio apartment experience.

If you have a small or medium-sized dresser, you can place them at the very foot of the bed. Such a setup works well, especially if the bedroom has limited space.

The key is to place the dresser in a location that doesn't block the view of your bed from the door. If there's a narrow wall between your bed and the door, placing your dresser there can ...

Yes, you can place a tall dresser next to your bed, but consider if it will feel overwhelming while lying down.

## Can I put a locker next to the bed

Taller dressers work better when positioned at least a foot away from your ...

"Placing a wardrobe directly opposite the bed can create a balanced effect in a larger room, but is often not ideal in smaller rooms, where opting for ...
