Do outdoor venues need outdoor lockers?

Outdoor venues need outdoor lockers. When a venue's designated storage area is exposed to wind, rain and harsh environmental conditions, choosing the correct locker is paramount to providing a safe, reliable and durable storage service to your visitors.

Where can you find outdoor lockers?

Lockers are often found outdoors at venues such as life-saving clubs, adventure parks, pools & schools. Outdoor venues need outdoor lockers.

Do you need a water resistant locker?

Water resistant and outdoor lockers are a necessity at venues such as pools, water parks and even leisure centres where lockers are located within change rooms with showers where steam and moisture are prevalent.

Are your lockers waterproof?

Whilst ensuring lockers are made with waterproof materials is paramount to maintaining the integrity and functionality of the lockers themselves, this also ensures that the personal belongings of visitors are protected from such conditions and can be safely stored whilst they partake in activities on-site.
