Hi all, I was wondering how everyone would rank the Romance languages in order of difficulty (out of the ones they know). Based on my experience and what I find difficult, I'd rank them ...

Hi, I would like to know which of these options is correct or whether they are both correct: "She has difficulty of making new friends." "She has difficulty to make new friends." Thanks!

The generation technology or the operational characteristics require the use of some interface between the generator and utility distribution grid. This paper outlines the most common issues and ...

Very often "got" suggest there was some difficulty or somehow the speaker managed to achieve something difficult or succeeded in doing something. If all you mean is the preposition "past" ...

This article reviews and discusses the challenges reported due to the grid integration of solar PV systems and relevant proposed solutions.

Rather than degree of difficulty, the speaker will explain what the difficulties are; why it is difficult. These are two of the definitions you will find in a dictionary: how (definitions 1 and 3). (3), as ...

I had difficulty at first but then I told it. It is difficult to imagine the context in which that would be said: What is "it"? You must have "something" with which to have difficulty, although that ...

The prospects, difficulties, and problems relating to the grid integration of solar PV systems are discussed in this paper.

Is it wrong if I say "I have problem doing sth" or anything else like it such as "I have

Power transistors in string inverter fail after 8 h of non-unity operation ( $pf= 0.85$ ), where a 13 % increase in bus voltage and 60% increase in voltage ripple was seen.

The characteristics of solar-generated electricity, including intermittency, uncertainty, and non-synchronous power generation, lead to some technical challenges to large-scale power grid ...

Discover how a grid-connected photovoltaic inverter and battery system enhances telecom cabinet efficiency, reduces costs, and supports eco-friendly operations.

This paper provides a thorough examination of all most aspects concerning photovoltaic power plant grid connection, from grid codes to inverter topologies and control. The reader is guided ...

The red text is equivalent to &quot;difficulty&quot; - the grammatical term escapes me for the moment. You won't have any difficulty finding your way around the city. You won't have any difficulties finding ...
