Guinea-Bissau - WESTERN AND CENTRAL AFRICA- P174576- Guinea-Bissau: Solar Energy Scale-up and Access Project - Procurement Plan (English)

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

This document is being processed or is not available.

Les principaux objectifs visés par ces prestations sont: a) Mener les études d'avant-projet d'investissement (APD), et l'élaboration des dossiers d'appel d'offres (DAO) pour les travaux de renforcement des ...

The entire solar and hybrid project is being financed by the Government of Guinea-Bissau with a \$42.9 million loan from the West African Development Bank (BOAD).

The station connects to hydroelectric dams in two neighbouring countries and means many people in Guinea-Bissau will have public electricity for the first time.

Le cabinet de conseil exécutera les tâches prévues dans le présent contrat à Bissau (Guinée-Bissau).

This textual part along with the Procurement Plan tables in STEP constitute the Procurement Plan for the Project. The following conditions apply to all procurement activities in the Procurement Plan.

This procurement involves the construction of two solar photovoltaic power plants with battery storage systems in Guinea-Bissau. The projects include a 20 MWac facility in Cumeré; and a ...
