-----

It's worth noting, UOP and PMT laid off every single person in their rotational development programs. Honeywell is infuriating to work for based on their knee jerk reactions to everything but I'd still ...

UOP Services RIF? Does anybody have any word on layoffs in the services group at UOP? Have heard rumors that China and India offices have RIF'd. Additionally, some U.S. FOS ...

See below for map, charts, and table of all 43 WARN Layoff Notices for Honeywell

Entering 2025, the pace of layoffs significantly slowed -- \$24 million in severance payments in the first quarter involving 713 positions, plummeting to \$3 million in the second quarter, ...

I think Honeywell would love to spin off Intellitgrated in lieu of closing it down. However, closing it down would speak to investors that they are will to take major steps to correct the losses of ...

The Layoff discussion - User says: "UOP Rosemont Updates" regarding Honeywell International Inc.

UOP HR VOE time. Can anyone else confirm if this is happening across Honeywell? At UOP, it seems HR contacts are changing every 3-4 months. It's very difficult to even know who your ...

All layoffs are being cancelled. UOP has battery and catalyst technology that no one else has. Plus the brilliant business mind of KW too, that is converting technology into great profit margins.

Stay up to date on Honeywell layoffs with real-time discussions from verified Honeywell employees on Blind. Topics include internal reactions, ...

HW, rather than furlough, they are cutting employees to raise capital thinking this downturn won't be a quarter or two, but perhaps a year or more. In my niche field, barely anything ...

## Honeywell uop layoffs

My former colleagues have called me to let me know that there is another giant round of UOP layoffs happening this week and more to come. From my understanding, these layoffs have ...

Explore Glassdoor's employee reviews to understand what current and former employees are saying about Honeywell layoffs and their outlook for job security at Honeywell in 2026.

The Layoff discussion - User says: "UOP Riverside/DesPlaines" regarding Honeywell International Inc.

Mostly affecting sales, I've heard of some in Texas today. No layoffs currently. Guy on the inside told me there has been a voluntary hand raisers though.

It has been over six months since I left Honeywell. And in that time that time looking back retrospectively, failed managers at Honeywell are constantly trying to keep their talent cheap and ...

Layoffs at Honeywell are only to rein in costs so that the executive class can show that earnings are going up in the next quarter and they can book their earnings and bonuses this quarter.
