What does EV mean in a policy?

Ambitions: government goals or objectives (also known as unofficial targets) as set out in a policy document such as a deployment roadmap or strategy. Acronyms used in the table: EVs = electric vehicles, which include battery electric vehicles (BEVs) and plug-in hybrid electric vehicles (PHEVs). HEVs = hybrid electric vehicles.

Should electric cars be mandatory in 2022?

Target: electric cars to account for 6% of gross final energy consumption to come from electric cars in 2030.

Proposal: mandatory purchase by public bodies of 30% share of alternative fuel vehicles (ZEV and methane vehicles) by 2022, 50% by 2025 and 85% by 2030 across all modes.

What is the Electric Vehicle Initiative (Evi)?

Recognising the opportunities offered by electric vehicles, the EVI is dedicated to accelerating the adoption of EVs worldwide. To do so, it strives to better understand the policy challenges related to electric mobility, help governments address them and to serve as a platform for knowledge sharing.

What is global EV policy explorer?

Global EV Policy Explorer - Data tools. A data tool by the International Energy Agency.
