A comprehensive range of technologies and integrated system expertise to bring the benefits of electrification and decarbonization to ship's power networks, propulsion, energy management and ...

ABB's Energy storage system is a modular battery power supply developed for marine use. It is applicable to high and low voltage, AC and DC power systems, and can be combined with a variety ...

Explore our complete range of zero-emission energy solutions that combine advanced battery technology with AI-powered monitoring for unmatched safety and performance in maritime applications.

We deliver fully integrated energy storage solutions designed for efficiency, reliability, and sustainability. Our in-house innovation ensures seamless integration of marine-grade batteries, power electronics, ...

The demand for green solutions in the maritime industry is driving an increased use of clean electrical power systems that utilise energy storage. The energy storage unit from KONGSBERG is specifically ...

The Energy Cube[®] is a versatile, advanced peak-shaving and backup power solution designed for marine and offshore applications. It is housed in a robust 20-ft container or a customized enclosure ...

We develop and supply energy storage solutions for maritime applications worldwide from our HQ and Production facility in Badhoevedorp (the Netherlands). We offer maritime battery systems of all sizes ...

Energy-storage solutions (ESS) from Siemens are creating more agile, profitable and sustainable vessels. Whether it's a new build or a refit, a hybrid or an all-electric vessel, these battery-based ...

We fully meet your dreams and desires in marine applications with a wide range of solutions, providing complete electrical packages as a single source vendor (SSV) or supporting system integration with ...

Marine energy storage system manufacturers

ABB's Containerized Energy Storage System is a complete, self-contained battery solution for a large-scale marine energy storage. The batteries and converters, transformer, controls, cooling and ...
