Start-up 5x8 GVSUPS75KFS Overview Presentation Highly efficient, easy-to-deploy 75kW, 208V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data ...

This highly cost-effective and efficient solution guarantees UPS redundancy (MPX 75 CBC is optimized for 1 + 1 or 2 + 1 redundant systems) and battery autonomy in an extremely compact footprint, while preserving all ...

High-capacity 215kWh solar ESS cabinet with 75kW inverter. IP55 rated, fire-protected, VPP-ready, ideal for microgrids, C& I, and off-grid storage.

The latest cabinet combination has been created as the perfect modular solution for all small to medium power applications, where capital costs (CapEx) most influence the choice between a modular or monolithic UPS.

Highly efficient, easy-to-deploy 75 kW, 208 V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical infrastructure in ...

PAC-75-50 system is an intelligent and modular power supply equipment integrating lithium battery and MPCS.

The latest cabinet combinations have emerged as the perfect modular solution for all small to medium power applications where capital cost (CapEx) has the greatest impact on the choice between a modular or ...

60kWh/200kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, Which can be ...
