The commissioning and inauguration of the 180kW grid-tied Solar Power Plant marks the start of Bhutan's investment in grid-tied solar energy as a viable alternative energy source in the face of ...

Bhutan photovoltaic power station with energy storage Bhutan's Ministry of Energy and Natural Resources has inaugurated the country's first utility-scale solar power plant.

The country's first utility-scale solar farm in Sephu, Wangdue, initially planned at 17.38 megawatts (MW), has increased its capacity to 22.38 MW. The project is divided into two phases.

The Department of Energy, MoENR announces the commissioning of Phase I (17.38 MWp) of the Sephu Solar Project in Sephu Gewog, Wangdue Phodrang, marking the launch of the ...

Punakha--After months of delays caused by incessant rain and prolonged monsoon, Phase II of Bhutan's first utility-scale solar power plant in Yongtru, Sephu Gewog, is finally online, ...

Sephu Solar Power Plant is an under-construction photovoltaic power station in Bhutan.

Major ventures such as the Sephu Solar Power Plant in Wangdue Phodrang and the Jigmeling project in Sarpang complement rooftop systems, floating solar, hybrid solutions, and solar-powered water ...

The new solar power plant is Bhutan's largest grid-connected solar project to date. It is spread across 44 acres of land and fitted with around 26,500 solar panels.

The project, located in Wobthang, is set to become the largest ground-mounted solar power station in the country. This initiative is crucial for Bhutan as it aims to lessen its heavy reliance ...

Bhutan's Ministry of Energy and Natural Resources has inaugurated the country's first utility-scale solar power plant. The Sephu solar project, located in the town of Wangdue Phodrang...
