What is a Multitech IP67 base station?

The MultiTech Conduit IP67 Base Station is a ruggedized IoT gateway solution, specifically designed for outdoor LoRa public or private network deployments. The highly scalable and certified Conduit IP67 gateway is capable of resisting the harshest environmental factors including moisture, dust, wind, rain, snow and extreme heat.

What are 5G outdoor cabinets?

5G outdoor cabinets, also referred to as 5G outdoor cabinets or 5G outdoor enclosures, are boxes designed to house and protect the electrical equipment to support 5G-LTE technology. Made of metals, plastics or a combination of the two material types, 5G outdoor equipment enclosures serve the following primary purposes.

What is the warranty on a Multitech IP67 base station?

Now, every unit ships with an industry-leading 5-year manufacturer's warranty, providing unmatched peace of mind and long-term protection for your investment. The MultiTech Conduit IP67 Base Station is a ruggedized IoT gateway solution, specifically designed for outdoor LoRa public or private network deployments.

What is a conduit IP67 gateway?

The highly scalable and certified Conduit IP67 gateway is capable of resisting the harshest environmental factors including moisture, dust, wind, rain, snow and extreme heat. The device supports LoRaWAN applications in virtually any environment.
