Does Sri Lanka have a power purchase agreement with USG?

Image: Terra-Gen /CPA. The government of Sri Lanka has entered into a power purchase agreement(PPA) with Australian firm United Solar Group (USG) for a major floating solar power (FPV) and storage project. The country's Minister of Power and Energy Kanchana Wijesekera announced the PPA on X,formerly known as Twitter,yesterday (12 December).

Where will Sri Lanka's solar power project be installed?

"The Solar power project will be installed on the surface of the Poonakary Tank in the Killinochi District,with a Foreign Direct Investment of US\$1.727 billion." This project will be a major boost for Sri Lanka's renewables installed capacity,which already comes 59% from renewables - 25% of solar PV - as of 2022.

Is Sri Lanka launching a floating solar plant in Singapore?

An operational floating solar plant in Singapore. Image: Sembcorp Industries. The government of Sri Lanka has entered into a power purchase agreement (PPA) with Australian firm United Solar Group (USG) for a 700MWfloating solar and storage project.

Will Sri Lanka get 70MW of solar PV in 2022?

This project will be a major boost for Sri Lanka's renewables installed capacity, which already comes 59% from renewables - 25% of solar PV - as of 2022. Last month the government issued a request for proposals (RfP) seeking 70MW of ground-mounted solar PV, with the bidding period set to close on 19 December 2023.

Sri Lanka has entered into a power purchase agreement with Australian firm United Solar Group (USG) for a major solar and storage project.

The Power Plant will be equipped with cutting-edge photovoltaic technology augmented with the battery storage for the first time in Sri Lanka and is designed to harness the abundant solar resources of the ...
