Who is Thai solar power?

Thai Solar Power is a top solar panel contractor in Thailand, known for neat, safe, and reliable installations. We specialize in design and engineering, have a strong track record of successful projects, and provide long warranties for both work and components. Our solutions are cost-effective and use only high-quality parts.

Should you install solar panels on your roof in Thailand?

Many Thai households choose to install solar panels on their rooftops, especially in detached houses in cities like Bangkok and Chiang Mai. If you want power supply even during blackouts, you can add a battery energy storage system -- in summer, when air conditioners are used heavily, solar power can significantly reduce electricity bills.
