To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to spotting solar panel scams and finding a great installer.

Solar scams tend to be more sophisticated than other contract fraud because they involve costly and complex financing for the project. Victims often sign multi-page digital contracts on ...

Solar agreements are legally binding. With one signature, you can lock yourself into 20-plus years of payments, restrictive clauses, or hidden ownership terms. Homeowners in Texas, ...

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim ...

The three most common solar scams are so-called free solar panels, requests for detailed personal or financial data right away, and misleading contracts.

Learn how to spot solar panel fraud, avoid predatory contracts, and take action if you've been scammed, with guidance from Prevost Law Firm.

Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you? Or say you'll never have to pay another electricity bill because government programs, grants, or ...

Anyone who pressures you into a contract or demands up-front or immediate payment is a scammer. Legitimate businesses and government agencies don't pressure you to act immediately and won't tell ...

According to a lawsuit filed against the companies involved, the contract was discovered later when Minto's granddaughter got access to the email. His attorney says the only messages in the...

The photovoltaic panel contract scam revealed

With solar panel prices dropping due to increased production and technological advances and their efficiency improving, scammers are going door to door promising sorts of ...
