The debris had fallen from a damaged turbine blade at the nearby Vineyard Wind project. The part, made and installed by GE Vernova, had broken three days earlier, and no one really knew ...

Wind farms are one of the country's most cost-effective energy sources. But after a turbine blade broke off the coast of Nantucket, the future of wind power in the US is in the hands of ...

A blade broke off of a wind turbine and landed in a cranberry bog in Plymouth, Massachusetts on Friday. It happened in the area of Head of the Bay Road near the Bourne town line just before 2...

The massive offshore wind turbine blade that broke near Nantucket was one of several recent failures of blades made by GE Vernova - a top US wind turbine manufacturer.

A week after a blade from a 300-foot-tall wind turbine fell into a cranberry bog on Head of the Bay Road, RWE, the company that owns the project, says it's already begun an "exhaustive" ...

Debris from a broken Vineyard Wind turbine blade washed up all over Nantucket's south shore Tuesday morning, prompting the offshore energy company to mount a cleanup effort and the ...

A blade that fell from a 300-foot-tall turbine and into a Massachusetts cranberry bog has sparked critics of wind energy to renew their call for the state Legislature to back away from its...

In December of 2023 all three blades were torn off a turbine in Ayrshire, Scotland during a storm. The Daily Mail described it as "...the blades suddenly (coming) loose and flung across a ...

Just last May, a turbine blade in the Dogger Bank Wind Farm--a 277-turbine, 3.6-gigawatt offshore wind project roughly 62 miles east of Newcastle upon Tyne, England--crumbled ...

The wind turbine blades were blown down by the wind

People in the area said they felt their homes shake when the machinery fell into a cranberry bog. The blade of a wind turbine broke off the structure in southeastern Massachusetts on...
