What makes Tongwei a leader in the PV industry?

This impressive rise has its roots in Tongwei's approach to manufacturing, which values resilience and quality above all. The company has established four major module production bases in Hefei, Jintang, Nantong and Yancheng, the largest single-site module base in the global PV industry.

Where is Tongwei solar energy located?

Currently, Tongwei Solar Energy operates subsidiaries in Chengdu, Meishan, Jintang, Tonghe, Pengshan, and Zhongwei, with an annual production capacity exceeding 150GW.

What is Tongwei solar module?

It is the first module project invested and constructed by Tongwei Co., Ltd. in Jiangsu and is currently the module base with the largest single-line capacity in the global PV industry, leading the industry in terms of digitalization, intelligence, and automation.

Why is Tongwei a world-leading supplier of green agricultural products?

As the only leading enterprise engaged in both agriculture and PV new energy industry in China and even in the world, Tongwei has genuinely achieved efficient synergy between agriculture and PV and has finally become a world-leading supplier of green agricultural products and green energy.

Over the past three years, Tongwei has made a remarkable leap in the solar sector, shipping over 100GW of modules at record-breaking speed.

Yancheng Base officially started construction on January 1, 2023, and the first module was successfully rolled off the production line on May 25, 2023. It is the first module project invested and constructed ...

As for the main business of new energy, Tongwei has become a vertically integrated PV enterprise with the production of high-purity crystalline silicon in the upstream, the production of high-efficiency solar ...

The Meishan Plant is a cornerstone of Tongwei Solar's strategy to lead the smart photovoltaic manufacturing sector and is renowned for its cutting-edge approach to intelligent ...

Cumulative shipments of photovoltaic cells reached 200GW Tongwei feed annual production Capacity is 10

Tongwei photovoltaic panel production

million tons Tongwei Solar Technology's Nantong Base Wins the Honor of 'Nantong City's Top 50 ...

Tongwei, For Better Life Home Products & Solutions High-purity Crystalline Silicon High-efficiency Cells High-efficiency Module Products High Efficiency and Reliability from Proven Modules Application ...

The first cell rolled off the production line on July 5, 2023. Energy velocity surpasses Tongwei 5G super smart factory 200 + Intelligent manufacturing production lines 3000 sets Intelligent transportation ...

Company Profile Tongwei Co., Ltd is a large-scale listed company of Tongwei Group, deeply involved in Green Agriculture and Renewable Energy. Tongwei now has more than 200 ...

Tongwei photovoltaic panel production process chart Where is Tongwei solar based? Major polysilicon and largest merchant solar cell producer, Tongwei Group has begun ramping the last cell lines at its ...
