Where can I buy a battery storage cabinet?

Buy online with Kingfisher Direct or call us on 01777 858009 if you have any questions. Why choose our fire-safe battery storage cabinets? We have a variety of sizes and shapes of lithium battery storage cabinets that provide a robust and dependable energy storage solution tailored to your business needs.

Why do you need a lithium battery storage cabinet?

As the demand for lithium-ion batteries grows, proper storage and fire protection are essential for operational safety and regulatory compliance. Our cabinets, featuring renowned brands like Ecosafe, Cemo, and Armorgard, offer industry-leading solutions for lithium battery storage.

What are the best lithium battery storage cabinets?

Our cabinets, featuring renowned brands like Ecosafe, Cemo, and Armorgard, offer industry-leading solutions for lithium battery storage. Built with advanced fire protection, our products include 60- and 90-minute fire-rated cabinets tested up to 105 minutes to meet EN14470-1 standards, ensuring your batteries are safe even under extreme conditions.

How many batteries can a battery cabinet support?

The battery cabinets are available in five different mechanical dimensions. They can facilitate multiple combinations of batteries, up to 63 battery blocks, connected in series and parallel configurations with positive, negative, and mid-point poles. The battery cabinets also support a maximum Direct Current (DC) voltage of 800Vdc.
