Is JA Solar a good company?

JA Solar is focused on making high-output very efficient monocrystalline PV modules, mono- or bifacial. Of course, they also have quality, though fairly standard residential panels for sale. The efficiency of their panels varies between 19%-21%.

What products does JA Solar offer?

The range offered by the company includes JA Solar monocrystalline solar panels, as well as other accessories for photovoltaic systems, such as silicon wafers, cells, monocrystalline modules, photovoltaic components, inverters, and load-bearing and mounting systems.

Are JA Solar panels a good choice?

Panels from JA Solar come at a relatively low price which makes it easier to replace broken modules. They are also sturdy and show great resilience in extreme weather conditions. One module can endure winds up to 210 mph in speed which is much higher than the wind speeds of an average tornado or a hurricane.

Who makes JA Solar solar panels?

JA Solar is at the forefront of the solar market -- this Chinese manufacturer is among the largest photovoltaic brands in the world. What kind of panels does it make? What makes them so popular all around the globe? Let's find out in our small review. Chinese companies reign at the top of the list of photovoltaic companies.
