Do you need solar panel insurance?

Although homeowners are likely to find it good value to incorporate solar panel insurance costs into their home insurance, you might need to take out business insurance or specialist solar panel insurance if you have a larger solar set up that's part of a money-making venture. What does solar panel insurance typically cover?

Does property insurance cover solar panels?

Property insurance covers physical damage to the solar panels and associated equipment due to incidents like theft, vandalism, or natural disasters. This type ensures that in the event of damage, repair or replacement costs are mitigated, safeguarding the financial interests of the property owner.

Are roof-mounted solar panels covered by homeowners insurance?

Most homeowners insurance policies treat roof-mounted solar panels as permanent fixtures, similar to built-in appliances or security systems. This means they typically fall under your dwelling coverage--the same protection that covers your home's structure.

Are solar panels covered by insurance in 2025?

In 2025, some insurers in hail-prone areas have begun excluding or limiting wind and hail coverage for solar panels, requiring separate endorsements. The ownership structure of your solar system dramatically affects your insurance responsibilities and coverage options.
