Are Chinese wind turbines the world's top five wind turbine manufacturers?

"It's no surprise that Chinese turbine makers dominate the top five in our ranking, as buildout of gigawatt-scale wind projects and an end to pandemic restrictions sent installations soaring last year," said Cristian Dinca, wind analyst at BloombergNEF and lead author of its 2023 Global Wind Turbine Market Shares report.

Who makes the most wind turbines in the world?

The Global Wind Report 2025 by the Global Wind Energy Council (GWEC) confirms a historic milestone: the top four wind turbine manufacturers globally are Chinese. Goldwind, Envision, Mingyang, and Windey lead the rankings, consolidating China's dominance in a market increasingly reliant on Asian production.

What are the best home wind turbines (residential)?

Bergey Wind Power - BWP-1850 The 15 Best Home Wind Turbines (Residential) - Are you tired of the ever-rising power bills? Wind energy is an amazing choice that may assure a big decrease in your electricity expenses. Let's examine together the different home wind turbines available for usage at home.

Is Vestas still a top 10 wind turbine manufacturer?

In 2023, Danish manufacturer Vestas still held onto third place, but as of 2024, it has lost its spot on the podium. What does this shift mean? Two recent reports, from Wood Mackenzie and BloombergNEF (BNEF), confirm the same trend: China now accounts for six of the world's top 10 wind turbine manufacturers.

Last year, the ranking of wind turbines was relatively stable, with two companies falling and two companies rising. On February 19, Bloomberg New Energy Finance released the ranking of ...
